

# EARLY INTERVENTION TEAM

## NEWSLETTER

Substance Abuse Awareness for Teens, Parents and Educators

### OCTOBER RED RIBBON WEEK FOUR

The Team Reached Out to more than 15,000 students & parents in October

### PEER - to - PEER

Young people need to hear our stories. Students respond like this every time. Priceless! WIN - WIN !

### Members of the Fullerton Rotary Club Demonstrates "Service Above Self"

Terri Prado ~ Rotarian of A - A Auto Service coordinated the repairs to van

The Early Intervention Team has been most fortunate to have close ties to Rotary clubs in Orange County. Frequently we are asked to provide a Rotary Club program at the weekly meetings. More often than not, these service minded professional men and women ask how they can help our kids and our mission. Mike and Barbara and a couple of our very special youth speakers made such a presentation on October 1st to the Fullerton Rotary Club.

Fullerton Rotarians individually contributed \$250 in contributions. Terri Prado and Mike Salyards stepped up big time and offered to make badly needed repairs and improvements to our van. We had no idea just how significant this offer would be. Terri took the keys to the van on a Monday and on Friday we got the van back with new brakes, new tires, and mechanical repairs far beyond anything we could have afforded. The van has 150,000 miles on it and is ready for another year of service. **Our kids say thanks to the Rotary Club of Fullerton &:**

**Terri Prado A - A Auto Service**  
**Mike Salyards - Cone Collision Center**  
**Chris Phillips - Big O Tires**
